## 2. ENROLMENT IN THE ADMISSION TEST

### Choice of the Degree Courses

Before enrolling, applicants may choose one or both degree courses by listing them in order of preference (as their first or second choice). Such choice will be binding within the ranking list of students admitted to the degree course according to the procedures listed under Section 4; the choice will be binding in the following terms:

- a) If a candidate has been placed successfully in the ranking list of students admitted to the degree course he/she had indicated as his/her first choice, then he/she will automatically be excluded from the ranking list of the degree course he/she had indicated as his/her second choice.
- b) If the candidate has not been placed in a successful position on the ranking list of students admitted to the degree course he/she had indicated as his/her first choice, but has been placed on the ranking list of the degree course he/she had indicated as second choice, the candidate may:
  - b1) **accept** his/her place in the degree course he/she had indicated as second choice: in this case he/she will have to submit the enrollment application for the degree course; failure to do so will result in the exclusion from the ranking list. Consequently, his/her placement on the ranking list of students admitted to the degree course indicated as their first choice **will be annulled** and, under no circumstances, shall he/she ultimately be able to seek transfer to the first choice degree course;
  - b2) **refuse** his/her place in the degree course he/she had indicated as second choice and wait for the reallocation of the places which may be left unclaimed for the degree course he/she had indicated as first choice. In this case, he/she will be able to enroll in the degree course he/she indicated as first choice only if he/she is placed in a successful position on the ranking list after the reallocation of unclaimed places. However, he/she will no longer be able to enroll in the degree course he/she had indicated as first choice.
- c) In case a candidate has not been placed in a successful position in either ranking list, he/she will remain in that same position and may enroll in a degree course only if he/she reaches a successful position through the reallocation of the places which were left unclaimed in either ranking lists. In this case, the criteria illustrated in the above points a) and b) apply.

If a candidate expresses only one choice and is not admitted to the chosen degree course, he/she will not be able to enroll in the other degree course even if there are places left unclaimed.

- personal identification document;
- photocopy of the same document;
- receipt for the admission fees he/she has paid.

Candidates arriving late at the admission test venue will not be admitted to the test, *whatever the cause of the delay might be*, once the testing procedures have started.

The Commission shall determine how to carry out the invigilation of the candidates during the test. The president of the commission is responsible for the procedures of the tests, as per the provisions of Italian law 241/90, and subsequent amendments and additions.

#### Content of the test, minimum score and evaluation

The admission tests lasts 45 minutes and is made up of forty-five multiple choice questions about logic and mathematics **(45 questions) written in English**. The questions are aimed at verifying:

- analytical and quantitative skills (by means of exercises measuring the candidates' ability to comprehend, solve and analyze quantitative problems);
- mathematical knowledge (set union and intersection, logic problems, number and operations, arithmetic, basic algebra, equations and inequalities, graphs representing functions).

A total of **45 points** can be awarded, with the following scoring system :

- a) 1 point for each correct answer,
- b) -0,5 (minus 0,5) for each wrong answer,
- c) 0 points for any answer not provided (a blank).

**Candidates must achieve a minimum of 10 points to be admitted to the course.**

#### Duties of the candidates

- a) During the test, candidates cannot speak to each other, exchange written work, or communicate with other people, with the exception of those in charge of the invigilation. Candidates will not be allowed to have bags or rucksacks, books or notes, paper sheets, mobile phones, calculators or any other electronic device; before the start of the test the Commission shall give

instructions on where these items are to be left. Any candidate who is found with such items during the test, shall be excluded from the test itself. During the test, there will be invigilators ensuring that candidates respect the rules mentioned above.

- b) Candidates must remain in the test room until the end of the test;
- c) If candidates fail to follow the instructions received before the start of the test, their test shall be annulled.

#### 4. RANKING LISTS AND PLACE ACCEPTANCE

The ranking lists will be drawn up on the basis of the overall scoring obtained in the test.

As far as the places available for enrollment in the degree courses are concerned, candidates who have achieved a minimum score of ten (10) points in the test will be admitted.

In case of an equal score, priority shall be given to the candidate who has achieved a higher grade in his/her secondary school diploma. In the further case of an equal grade, priority shall be given to the younger candidate.

The ranking lists will be published on the **September 1<sup>st</sup>, 2015, after 5:00 p.m.**, on the official University Noticeboard - Albo di Ateneo, <http://www.units.it/ateneo/albo/>. This publication is valid as the official notice to all effects. **No personal communication will be issued.** Furthermore, the ranking list will be published in the section "*ulteriori informazioni specifiche sul corso*" ("further information about the course") which can be accessed from [www.units.it](http://www.units.it) following the path Studenti>>Guida on line Esse3>>Laurea>>, selecting one of the two degree courses and then "*ulteriori informazioni specifiche*".

If a candidate passes the test successfully but is not granted a place (e.g. a candidate achieves the minimum score of 10 points, but his/her position on the ranking list does not entitle him/her to enroll in a degree course) is a condition that refers solely to the current selection procedures and does not entitle a candidate to have access to the degree courses, even if a number of places remain unclaimed in the 2015/2016 academic year or in the following years after the selection itself.

#### 5. ENROLLMENT IN DEGREE COURSES AND REALLOCATION

Within this same deadline, the payment receipt will have to be sent to [economia.studenti@amm.units.it](mailto:economia.studenti@amm.units.it) ; the receipt must bear the following wording: *cognome e nome, contributo di immatricolazione al corso di laurea in ...* (last name and first Name, enrollment fee for degree course in ...).
